LIQUOR CARBONIS DETERGENS

[Extract from the Lancet, Dec 22, 1866.]

Ing Carrayas Diebergers—We are very sceptical of the varies of coverence ics, and it was an a spirit fracepticism that we tried the life carbonis detergers. It is represented to be a concurrated adechnic solution of the constituents of context of the constituents of context of the tar, to wit, between, and thatter, and phenic acid. The addition of water, with agitation, makes a durable context of the tar, to which the tar remains in a state of fine asyspension, almost equivalent to solution. Our therapoutical experience of the ereparation is very ransfactory in feed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the chronic exgemators class; and one case of popularity which had resisted all other kinds of treatment speedily get well under the application of the liq. carbonis detergers. We steem it a very valuable a didition to our list of skin remedies, and worthy of a very extended trial by the prof ston. In the above classes of disease, and in various others, such as fetted ulcers, etc., the preparation is put into the form of son. [Fxtractfrom the Lancet, Dec 22, 1866

GOUT SPECIFIC! SUGAR-COATED An Effectual and Speedy Remedy

GOUT, RHEUMATISM, SCIATICA LUMBAGO & NEURALGIA.

Farnan's Specific bas stood the test of years, and it beneficial influence, as well as the extraordinary rapidity with which it acts on the system and removes pain and the cuse of pain—that is to say, the condition of the blood and stounch which produced the allliction—can be witnessed to by thousands. The care is as converse as it is navide, and, strengthened by the testimonies of a large body of patients who have received almost 1N-STANTANEOUS relief after all other remedies have failed, the proprietor has the utmest confidence in offering it to the notice of the public. To the constitution it is liarnices; to the fluids of the human frame it adds a bestilly impetus; to the system generally it is invigorating to a degree unprarialled; and both saves may take it to equal advantage. A dose taken about once a month, operates most cliectually in preventing a return of the compilaint.

Geological Survey. An interesting report from the pen

of Mr Clandet, of the Assay Office, published in the last Government Gazette, with regard to the Cherry Creek silver vein is suggestive of what steps ought to be taken by the Government to develop the mineral resources of the colony. The present mining season is rapidly on the wane, and before the advent of the next we would press strongly on the attention of the Gov. ernment the necessity of sending out early in the spring an exploring party with a good geologist and mineralogist at its head to examine the most likely regions of mineral wealth; but let a thorough, accomplished geologist be placed in command, and not a mere charlatan, and, if considered necessary, a few practical miners might be associated with him, but with, for the supreme head, a "scientific geologist and mineralogist." The benefit of this course has been evinced in California, where Professor Whitney and staff have been engaged for some years past in a geological survey of that State, the first part of whose report appeared a few months ago, issued by the State Government for distribution at a mere nominal cost, in two volumes, beautifully got up and illustrated. The nature of the work done by the survey is far more extensive than anything we would either advocate or effect here, including as it does a complete collection, illustrative of the Zoology, Botany, Ethnology, &c., of that country, as well as its Geology and Mineralogy. We could, however, accomplish a mineralogical one, which for the present is the pressing want, and that without any great expenditure. We would suggest a reference to the Government School of Mines. Jermyn street, where there are numerous enthusiastic students who have a reputation to make, many of whom would gladly volunteer for this field, in which rich laurels in the cause of science are to be won. Without, however, wishing to traffic in professional enthusiasm, the small expense of a commensurate salary to such a man would be soon amply repaid by the results. The advantage of such an undertaking would be immense, not only as regards the discovery of new sources of wealth, but would tend to show where capital might be judiciously expended, and repress many bubble speculations, which. unfortunately, from their number in times gone part, have contri outed rot a little to damage the repu tation of the colony abroad. All scientific men are now looking forward with much interest to the future of this colony, believing from the light of science that rich silver veins musbe sooner or later discovered, as Humboldt, an observer who was rarely mistaken, speaking of Mexico in his book on "New Spain, states as his belief "that the silver veins of Mexico are merely the washings of rich veins that would one day be found in the North." The country is densely wooded and a difficult one to prospect and the mining season short, but still a great deal might be done by a skilled observation; and we hope that some scheme of this kind may be matured through which prosperity may dawn on the country, rendering the admin.

Letter from New Archangel.

istration of affairs less irksome to the

Government and more satisfactory to

every one.

(From our Regular Correspondent.)

NEW ARCHANGEL, SITKA, ? August 12th, 1867.

EDITOR BRITISH COLONIST : - Sitka Island is about 200 miles long and 50 or 60 in breadth. New Archangel, the capital of all Russian America, is situated at the south end of the island, on a magnificent bay nearly land-locked, and furnishes the best harbor for shipping in the new the best harbor for shipping in the new territory, it being impossible for ships to they be among the dark, storm-lashed head carefully against his knees,—Kenwinter any further north, owing to the mountain peaks outside?

fierce gales that sweep the coast during the winter months. . To this port all the Russian Fur Company's vessels resort for shelter and security during that season, and here the whalers from all parts of the Arctic Seas used to come to refit, get supplies and winter until they found they could not get what they required (the Russian Fur Company often being short themselves,) when they had to go elsewhere. The noble bay was never known to freeze up. Its greatest depth is 60 fathoms. There is a noble future before The Americans will make it the capital of the new territory, as it always has been for the Russians. Sublime scenery abounds, and snow capped mountains tower in sullen majesty hundreds of feet above the level of the sea. There is plenty of game, such as deer, bear, grouse, partridges and prairie chickens. The Indians sell cheap. I bought a fine deer for five roubles (leather, 80 cents in coin.) There is also abundance of strawberries huckelberries and salmonberries, and all kinds of fish; fish are a 'drug.' finest salmon are given to the hogs. There are also gardens where are raised most kinds of vegetables. Firewood costs a mere trifle. Splendid salmon can be had for taking them from the wharf. A man that is fond of fish can live cheaper here than in any part of the world I have

been in. There is a good library in the Lutheran Church of Euglish, Russian, French, German and Spanish books. The books of each language are kept separate. Mr. Lugebil, the librarian, told me the Company sent 5,000 vols. from here a short time ago, back to St. Petersburg. Mr. Lugebil is the Company's interpreter; he also officiates in the Lutheran Church in the absence of its regular minister. The English part of the library has some standard works; also the Edinburgh, Westminster and North British Reviews, Blackwood's Magazine and London Reviews. No charge is made by the librarian for any books a person may wish to take out. The library is open twice a week from 12 to 1 o'clock; but he tells me there are only 15 or 20 who take out The Russian ladies (God bless them.) I hear are well educated. In walking by their houses of an evening a person can hear the most enchanting music from their pianoes, and if it be true what Congreve says in his "Mourning Bride," that

"Music hath charms to sooth the savage breast, To soften rocks or bend a knotted oak,"

there ought not to be hard rock or knotted oak in New Archangel. It would take some other pen than mine to do jus tice to the ladies. All I can say is, tell your bachelor friends who think of coming this way they need not be in a hurry to 'pop the question' until they first come here. Not understanding Russian is no obstacle, as proposals can be made through an interpreter.

1 will call the attention of all whom it

may concern that the Russian weights are not so much as the English or American. 10 lbs. Russian are only 9 lbs.; 50 lbs. in our weights is sometimes over 54 Russian Their hay and liquid measures are

less, much less, than ours,
A few weeks ago a large ship with an unpronounceable name, from Hamburgh, belonging to the Russian Fur Company and loaded with supplies, came into port. As soon as possession is taken of the country by the Americans I will write you again.

CARLOW.

P. S.—No game came to town until

ofter the departure of the Fideliter. Fresh eggs sell for three leather roubles per doz. The Russians have several hay ranches on this island. They are storing it for the winter. New potatoes and cabbage are coming into market. Weather fine and pleasant with a little rain occa-

Hounding a Man to Death.

EDITOR COLONIST :- I was pleased to read in your paper of this morning an article condemnatory of the conduct of a portion of the Port Townsend people in pursuing Tripp (accused of murder) with their vengeance icto a foreign country. The late Grand Jury at Port Townsend failed to find a true bill against Tripp and his brother-in-law; whereupon a number of their enemies had a special judge sworn in, a special sheriff appointed, and a special grand jury empanneled. to whom the case was entrusted. A true bill the jury being composed of Tripp's political enemies-and an individual known as "Poker Jack" (said to be an Englishman) was sworn in as special constable to kidnap Tripp, who had meantime gone to Victoria. The special constable is now in Victoria; he has no requisit on from the Governor of Washington Territory, nor has he any authority to search houses; yet I am told he has done so, and that persons here have actually aided him in his search. Tripp is in Victoria, and until proper I gal steps are taken for his arrest he is entitled to his tiberty. Tripp's crime was protecting his own person and that of his family from injury and insult, and perhaps death. For doing this bis political enemies are thirsting for his blood, though he is virtually acquitted of the charge of murder. They have driven him from his nativesoil and he bas sought an naylum here. Shall it be denied him? or shall we tamely allow bim to be kidnapped from the Colory without even the shadow of law or a requisition from Governor Moore to sanction it?

COLD IN SPITZENBERGEN,—No description will furnish an idea of the rigor of the six months' winter of this part of the world. Stones crack with the noise of thunder; in a crowded hut the breath of the occupants will fall in flakes of snow; wine and spirits turn to ice, the snow burns like caustic; if iron touches the skin it brings the flesh away with it; the soles of your stockings may be burnt off your feet before you feel the slightest warmth from the fire; linen taken out of boiling water instantly stiffens to the consistency of a wooden board, and to the consistency of a wooden board, and taken out of boiling water instantly stiffens to the consistency of a wooden board, and heated stones will not prevent the sheets of the bed from freezing. If these are the of the bed from freezing. If these are the effects of the climate within an air-tight,

Wheat-Firm at \$27\$2 05, with exceptions at sales at a slight advance on the outside quotations.

Barley-Good new brewing, \$1 85 per 100 lbs.

Oats-Sales of 1500 sks in lots, fair to good, \$1 70 and \$1 80.

A PET LION .- A gentleman visiting a house in Algeria, says: In a few minutes a door opened and a lion entered the room a man only leading him by the tuft of his maine, which, although only a foot long, made, however, a respectable appearance. He did not seem to care about our being strangers, but wondered about the room like a large dog, permitting us to take liberties with him, such as patting him, shaking his paw, making him exhibit his teeth and claws. He showes a marked predilection in favor of old acquaintances, and lying down before them, turned over on his back to be scratched. scratch or two he began to yawn and was fairly settling himself for a nap, when a cigar was puffed in his face, a proceeding he evidently did not approve of. Raising no malice, he returned a friendly pat bestowed on him by Capt. Martenot who

Municipal Council.

TURSDAY, Sept. 17. Council met at 7:30 p.m. Present: the Mayor and Councillors Gowen, Lowis, Trahey, Gibbs and Hebbard.

Bill of \$26 for refreshments for Fire Department. Referred to Finance Committee. Payment opposed by Councillor Lewis, who refused to vote.

A communication from A. Bunster, in reference to the Johnson street drain, was

referred to the Sanitory Committee. From T. L. Stablschmidt, referring to our application for returns of Insurance rates Referred to Returns Committee.

Communication from W. S S. Green read, enclosing bill of costs in connection with the case of Titus vs. The Corporation. Received and filed, and the clerk instructed to inform applicant that no action will be taken until the decision of the arbitrators be received.

Application of J. Gastineau, read at last meeting, for amount of \$50, was again considered. Motion that the bill be handed to Finance Committee, payment contingent upon an affidavit being made by applicant as to the difference of the levels of the two plans of the View street drain. Carried.

Mr Gibbs brought to the notice of the Council the bad state of the street in the rear of the Treasury, James' Bay, and hoped his Worship would apply for the services of the chaingang in connection with the improvement of the same.

A notice of motion was given for an appropriation towards the streets of the ward in general.

Councillor Gowen called attention to the necessity of improving the state of the cisterns on Store street, and the sewer corner of Cormorant street.

The inspection of the state of Fort street church was referred to the street committee, on motion of Councillor Hebbard; also of the nuisance caused by the new drain, corner of Government and Fort streets.

A resolution to pay a second instalment of 25 per cent. on outstanding accounts of the Council was agreed to. Council then adjourned.

Board of Education.

A meeting of the Board of Education was held yesterday. Piesent, Dr Powell (chairman), the Mayor, Dr Tolmie, Mr Garesche aud Mr Higgins.

Mr Waddington, the able Superintendent of Education, presented a letter of resignation, which was received with an expression of deep regret from all the members present. The letter was as follows:

VICTORIA, September 16th, 1867.

DEAR SIR:—Or the eve of my departure for England I beg to send in my resignation as Acting Superintendent of Education. The Board have been aware of my intention for some time, and it therefore only remains for me to add that all my accounts are in complete, order, up to date and that I am complete order up to date, and that I am ready to make them over, as well as the books and other papers, as soon as possible to the person who may be appointed for that Sincerely trusting that the existing system

of Free Education on this Island may not only survivo its present difficulties, but become every day more and more prosperous, to the great and lasting benefit of the rising

Dear sir. ALFRED WADDINGTON.

To J. W. Powell, Esq., Chairman of the Board of Education. Dr Tolmie moved," That the Members of

the Board express their great regret upon the receipt of Mr Waddington's resignation as Acting Superintendent of Education; and while accepting the same would hereby tender him their grateful thanks for his past services to the Board." Mr Garesche seconded and the resolution

was passed manimously.

On motion, the Board adjourned to meet on the day following the departure of the mail steamer.

THE CONCERT .- The attendance at the theatre on Tuesday was large and the entertainment was in many respects superior to any previously given here. Signorina Bellini sang a difficult solo from the opera of "Travinta" with great effect. The high notes were brought out with extraordinary sweetness and volume : and in the duet from the opera with Signor Bianchi, the lady and gentleman acquitted themselves admirably well. One of the gems of the evening was Signor Bianchi's performance of the dying scene from " Lucia di Lammermoor." Not only was the noble tenor of Signor delivered with great richness, but his conception of the character was grand, and drew from the audience the enthusiastic encore it so well deserved. Signora Garofali sang a solo from the " Barbiere" with wonderful sweetness and effect. Signor Bellini, the maestro, presided at the piano with precision and taste, and filled up the intervals between the pieces in a truly

GAS-A meeting for obtaining cheap light and taking action upon the generous offer of the Gas Company, will be held this evening, at 8 o'clock, in the room over the store of Messrs Hicks & Russel, Government street. at a rational price are invited to attend.

masterly manner.

BRIGHAM YOUNG IN TROUBLE .- A despatch dated St. Louis, July 27, says: Utah advices indicate that an irrepressible discord has broken out among the Saints, and that the problem of Mormonism will soon solve itself. Large numbers of anti-polygamists have left Utah, bound for Nauvoo, Illinois. Brigham Young is being boldly denounced by many of his followers, and the sect is becoming rapidly demoralized. Two or three Sundays ago, Young, in a sermon at Cottonwood, denounced William Howard, a distiller, who immediately rose in the audience and branded Young's statement as false. Young then ordered Howard put out of the house, which was done, and subsequently he told his hearers to tear down Howard's house and distillery, which, however, they failed to do. A day or two afterward, Howard sent Young a letter, demanding a retraction of his personal statements, or he would hold him personally responsible. It is said Young intends to move to the newly dimovered gold

THE SCIENTIFIC EXPEDITION of the United States Coast Survey to Russian America was at Sitka on August 20th, waiting for an hour of good weather before starting for Onalaska in longitude 166°. The work has been retarded on account of continued min. fog and wind, with little prospects for the better at this late season. At Fort Simpson the party waited six days and did not get an hour's sunshine. Some developments have been made and hopes are entertained of getting lines of soundings over the fishing banks south of the Fox Islands, but the want of coal deposits will limit the amount of work. When the expedition returns to Saka Mr Davidson will make special local explor-

CHURCH CHOIR Pic-Nic-The choir of St. John's Church, with the assistance of members of the congregation, gave a pic-nic on Tuesday, on one of those picturesque sites which abound on Victoria Arm. There were about sixty ladies and gentlemen present most of whom reached the spot by boats. Dancing, croquet and other amusements were introduced, with several madrigals and pieces of secular music, which were given by mem bers of the choir present. Mr Piper furnished refreshments, which were very liberally provided. A band was in attendance, and no effort was spared by the promoters to add to the gratification and pleasure of the party. The day was delightfully fine.

EARTHQUAKE AT SEA -A passenger who arrived on the ship Day Dawn from San Francisco informs us that on the 7th inst. at 7 c'clock in the evening, when 40 miles west of Crescent City, the ship running with full canvas set, and weather clear, a severe shock was felt. She trembled from stem 'o stern. The sails hung loose, dishes rattled and the vessel's headway stopped for nearly two minutes. The impression obtained at first that the ship had struck a reef of rocks not down on the chart; but it was subsequently ascertained that she had encountered at earthquake at sea. About the same date, a slight shock of earthquake was felt along the Puget Sound shore of Washington Ter-

" HOUNDING A MAN TO DEATH."-Elsewhere we publish a communication from a citizen complaining that Tripp, who has received such unfair and cruel treatment at the bands of his countrymen, and has sought an asylum here, is in danger of being kidnapped from the Colony, on a charge that has been already disposed of by a jury. This is a very serious matter. If the special constable alluded to had a requisition for the arrest of Tripp it would be a different affair ; but as he appears to be unarmed by any such anthority, Tripp cannot legally be removed from our soil.

DESERTION AND ASSAULT - One of the deserters from the ship Nation's Hope was yesterday sentenced to two months' imprisonment. The charge of desertion against the other seamen was dismissed. He was then tried on a charge of assaulting his Captain by striking him in the face with his list, pleaded guilty expressed his sorrow, and was fined \$10; in default, to be imprisoned one month.

ACCIDENT AT NANAIMO .- A mar named James Hamilton, and his son, a young lad, were very badly burned about the face and body, on Wednesday morning, at Nanaimo, from the effects of an explosion of gunpowder, which Hamilton had taken with him for use in the coal pit. He fancies that a spark from a light which he held in his hand ignited the powder.

COMPLIMENTARY BENEFIT TO MISS SOLIDAD. On Saturday the Bianchi Opera Troupe will perform in La Sonnambula and Lucrezia Borgia, for the benefit of the favorite yourg actress Miss Solidad, whose appearance upon our boards a few weeks ago gave so much satisfaction. Miss Solidad will also appear in song and dance, and we hope that she will be greeted with an overflowing house,

ACCIDENT AND GALLANT RESCUE. In mediately after the steamer Alexandra reached her wharf last evening, Mr Frank Dickinson, when about to step on board. missed his footing and fell into the river. Mr T. Brew, seeing the accident, jumped into the water and rescued him from drowning .-Examiner.

THE RIFLE MATCH .- An omnibus will leave Norris' drug store at a quarter to nine this morning for the rifle match at Esquimal, and a second bus will leave the same place at 1:30 p. m., with visitors, in time to take the Admiral's boat for the grounds. Volunteers are requested to appear in undress uniform.

SILVER SPECIMENS. - Capt. Fleming brought down from Harrison Lake, for assay at the Government office here, several good posed to contain silver .- Examiner.

THE ship Australind, for Australia with lumber, was towed down from Burrard Inlet All those interested in obtaining good light by the Isabel yesterday. She will have several passengers.

GENERAL GRANT IN NEW YORK.—
"Burleigh" writes as follows to the Boston Journal:

General Grant has been spending a few days in the city. He has gone to Long Branch as the guest of Chas. A. Stetson, Jr., where a grand ball is to be given in his honor on Thursday night. He has cept very quiet since he has been in New York. He dislikes parade and attention He says he never gets into a carriage on great occasions, when crowds surround him and shout his name, but what, mingling with the pageant, are the groans of the wounded, the sick boys in the hospital and dying on the battle field. He two or three cosy nooks in New York in to which he retires with a few friends to Mahogany Bedsteads, Bureaus enjoy a confidential chat. He is very peculiar in this habits. It is said he has not drank a glass of spirits since he was appointed Lieutenant General. He ss breaking himself of his inordinate use of Sheets, Blankels, Counterpanes cigars, sensible that in the inaction of Table Linen, Glassware peace the custom hurts his health. Nobody can get anything of him by asking questions. He seldom answers any that are put to him; but if left to himself be Illustrated News and other Books will talk freely and clearly on all public matters. He is not without his solicitude | Cook and Parlor Stoves in regard to public events. He considers matters more critical than before the surrender of Lee.

Between Health and the Grave there is but a thin cartition, and all who value his are willing to do their best to prevent disease from breaking it down. Who so m d as to await the field attack, when the first onset can be repelled with Bristol's Sugar-Cented Fills, a preparation so goind and basands, so seriching Fills, a preparation so goind and basands, so seriching plant, and expels its cause, it also builds up the strength and braces the constitution of the patient. Composed of antidious and catharite vegetable ingredients, at once sate and searching, it is the only cure for disorders of the stomach, the liver, and the bowels, which can be relied upon under all elicimets and all climites. The idea of pain is justly associated with ordinary paragity sy but Bristol's Sugar-conted Pills do not read even an uneasy sensat on either in the stomach or the alimentary paragies. Need it be said that they are the best houseful catharite and alterative at present known? They are put up in glass vala and will keep in any climace. In all cases arising from, or aggravated by impure bood. Firstol's Sagararatic, should be used in connection with the Pills.

Chronic Eruptions, from whatever cause arising, are the most obstinate of external remedies. The greatest believers in mercury adout that it cannot control them. The iodide and brinddle of that mineral, a weak as corrosive such mate, all heretofore given for servicious and sychilit coruptions and diseases, have been abandoned, and in all parts of this continent physicians are concept, and the strength of the continent physicians are out the skin with Bristol's Sarrampnellin, which acts the micelly upon the blosd and disinfects it. The use of Bristol's Vegetable Pills at the same time with the Sarsaparia will greatly facilitate the removal of all truptions, pimples, blotches, or , etc., as they carry off from the system the visited matter set free by the Sarsapa rilla. Chronic Eruptions, from whatever cause arising lla. For sale by all Druggists.

FARNAN'S

An Effectual and Speedy Remedy

GOUT, RHEUMATISM, SCIATICA LUMBAGO & NEURALGIA.

Farnan's Specific has stood the test of years, and i Farana's Specific has stood the test of years, and it beneficial influence, as well as the extraordinary rapidit with which it acts on the system and removes pain as the cuse of pain—that is to say, the condition of the blood and atomach which produced the affliction—can be witnessed to by thousands. The cure is as convirging it is rapid, and, strengthened by the testimonies of large body of patients who have received almost 1S TANYANEOUS relief after all other remedies hav failed, the proprietor has the utmost confidence in offering it to the notice of the public. To the constitution in the theoretic of the public. To the constitution is is harmless; to the fluids of the human frame it adds healthy impediate, to the system generally it is invigorating to a degree unparalleled; and both sexes may taken to equal advantage. A dose taken about once a most offectually in preventing a return of the complaint.

Beal Estate By Auction.

P. M. BACKUS

Has been instructed to sell by the Executors and Devisees of the late

John Archibald Walton,

AT SALESPOOM

Wharf street,

AT 12 O'CLOCK, NOON

The following

$\mathbf{PROPERTY}$

Namely:

Subdivision Fifty, of Suburban Lot Four, Victoria Town, on survey by Robert Homfray, Civil Engineer, fronting thirty feet on Cormorant street by a depth of eighty-five feet more or less.

Also, Subdivision twenty-three of said suburban lot four, thirty feet by eighty-five feet more or less.

This property was conveyed by the Hudson Bay Company to James Murray Reid, by James Murray Reid to Nicolai Caspersen Matthiessen, and by Nicolai Caspersen Matthiessen to John Archibald Walton, and as the deeds from the Hudson Bay Company to Reid, and from Reid to Matthiessen are not in the vendor's custody the title to the above property shall commence with the conveyances from Nicolai Caspersen Matthissen to John Archibald Walton, which have been duly registered under the Land Registry Act 1860, and the purchaser shall not require the production of, or investigate, or make any objection or requisition in respect of the prior title, whether such prior title appear by recital or otherwise or do not appear at all.

An abstract of each title, which will be delivered to the purchaser, will be produced by the Auctioneer at the sale, and will be open to the inspection of any person at the Office of Mesers Drake & Jackson, Solicitors to the executors and devisees under the will of the late John Archibald Walton.

All that the interest of the Devisees under the will of the late John Archibald Walton, in an agreement dated the 13 h day of April, 1867, whereby G F. Foster agreed to sell to John Archibald Walton Section V. E. 10 S. and VI. E. 10 S., South Saanich, containing 158 acres more or less, for the sum of \$790, on or before the 31st day of Dec., 1867, of which sum the sum of \$395 has been paid.

For Sale, with the Crop, PRICE \$650.

of Land now planted with potatoes, situated in the District of Victoria, being a part of the Oakland Estate. This piece of land seld in Jonnary, 1803, at public auc tion, for the sum of \$425. The improve ments made upon it this Spring are a sub-tantial beard fonce and a shartly costing, including the expense of planting, marky \$500. The seld is good to expense of planting, marky \$500. The seld is good to the seld of the se with great easo in 20 minutes.

THE MUTUAL LIFE

Insurance Co. of New York.

[INCORPORATED 1842.]

ASSETS, \$22,000,000 CASH!

ANNUAL INCOME OVER \$6,000,000,

T BIS COMPANY HASTPAID TO ITS

\$10,176,388 in Cash.

or equivalent additions to their Policies of about

\$22,000,000.

The Dividend of this Company February 1, 1807, walk

\$2,124 000 75 in Cash,

\$4,840,964 02,

or in equivalent additions to Policies.

which CASH DIVIDEND was about equal to that of the next largest Company in this country for nine years past.

This Company DIVIDES EVERY CENT OF ITS PROFITS
AMONG POLICY-HOLDERS ONLY. Many Companies AMONG POLICY-HOLDERS ONLY. Many Companies doing business on this coast PAY THEIR STOCKHOLDERS FROM 1235 TO 20 PER CENT. OF THE NET PROFITS BESTLES INTRIES ON CAPITAL STOCK. Some of them paid to STOCKHOLDERS last year MORE THAN THEY FID TO POLICY-HOLDERS. (See N. Y. Underwriters' Chart, 1867.)

This Company now pays out annually an actual Cash Dividend (irrespective of the Dividends applied to purchase additional insurance), more than the total annual Divi-dend of any other Life Insurance Company in the country, viz. :

The Cash Dividend of February 1, 1566, was \$2.975,388 58, of which the Policy-Holders used as Cash IN PAYMENT OF PREMIUMS \$378,867 70 Amount Dividends PAID WITH FOLURES ... 182,675 81 Total Cash Dividends paid 1866 \$561,548 51

The balance of the Dividend was used by Policy-Holders to purchase additions to Policies. The TOTAL Dividends declared in 1866 by the three next largest companies in this country were respectively as follows, viz.:

\$521,458 00 \$419,656 45 \$282,224 21.

DIVIDEND SYSTEM.

The phrase ANNUAL DIVIDENDS, in this Company means dividends made annually, from the start, on the FIRST and every subsequent premium; and NOT at the expiration of three, four, or five years, and only the annually. It also means that the dividends are available immediately to increase the insurance or as CASH in reduction of the premium of the current year; and not merely to cancel notes and accrued interest on premiums three, four, or five years old.

By this system there is no delay for the redemption of crip, as in some companies.

Policy-Holders, at their own option, at the end of the first year of their policy, or thereafter, can either use their Dividents As GASH IN PAYMENT OF PIEEMIUMS, or to PURCHASE A HOLDING TO POLICE IN THE ASSOCIATION OF THE MILE ASSOCIATION OF THE MILE ASSOCIATION OF THE MILE ASSOCIATION OF THE MILE ASSOCIATION OF THE ASSOCIATION OF THE MILE ASSOCIATION OF THE WHILE ASSOCIATION OF THE PIECE ASS Policy Holders, at their own option, at the end of the

PREMIUM 10 A NOTE COMPANY ON THE LIFE PLAN, EVEN IF HE WERE TO LIVE TO BE A HUNDRED YEARS OLD. When the Dividends exceed 100 PERCENT, IN CASH in the "Nutual Life," as is the case with Policies that have been in force over 15 years, the surplus above the amount necessary to pay the current annual promium can be drawn in cash, if the Policy-Holder so desires, the following Examples of the Dividend of 1807, upon Policies of residents of San Francisco, illustrate the above:

Amount Amount Annual Cash Premium, Dividend. Assured. \$112 18 217 71 53 71 40 16 72 87 \$39 68 40 71 8 91 5 51 25 67

It will be seen by the above Examples that the Cash-ividends were from 107 to 151 per cent., being suffi-ient to pay the annual premium and allow a CaSit (NCOME RESTRES leaving the Policies and additions hereto paid up in full.

The above very large Cash lividends are the result of the equitable manner of dividing the surplus of this Com-pany, which all we Policy-Holders Dividends upon the WHOLE AMOUNT PAID IN, AND NOT UPON THE AMOUNTO PONE ANNUAL PREBUID ONLY, which is the practice of companies dividing upon the per centage than. When there are no premiums to be paid, as will, in which tares are no premiuma to be pair, is with, in time, be the case, on "five" or "ten-payment," or other "pai-tup" policies, these dividends will be PAID IN CASH. If desired—THUS PROVIDING AN ACTUAL CASH INCOME TO THE POLICY-HOLDER FOR LIFE, WITHOUT THE PAYMENT OF ANY MORE MONEY. The above applies to Policies upon the "five" and "ten-payment" plan, whether the full five or ten payments have been made or not.

IN NOTE COMPANIES, NO DIVIDENDS ARE DE-CLARED OR PAID UPON SUCH "PAID-UP" POLICIES.

FORFEITURE OF POLICIES.

In proof positive of how much less liable to forfeiture are the Policies of the "Mutual Life" than in Note Companies, it will be seen by the sworn statements rade to the New York Insurance Department in 1866, that of the TOLAL AMOUNT OF POLICIES of the "Mutual Life" in torce January 1, 1865, that is the year ending January 1, 1865, that is the year ending January 1, 1866, but 2 38-109 PER CENT, were lopsed or forfeited, while IN THE NOTE COMPANIES the per centage of forfeitures was from 5 31-100 PER CENT, TO 28 36-100 PER CENT.

BG-100 PER CENT.

By reference to the report of the Massachuseits Insurance commissioner of 1867, it will be seen that the number of late Policies issued in 1865 by the "Mutual Life," at the end of year (Nov 1, 1863) of the same, that but S PER CENT. Were not in force, while in Note Companies from 9 TO 35 PER CENT. OF POLICIES ISSUES AS ABOVE WERE NOT IN PORICE NOVEMBER OF THE TOTAL THE STATE OF THE STATE

Early application is requested, as business requires my presence in Washington Territory and Oregon.

Sarsaparilla

FOR PURIFYING THE BLOOD,
And for the speedy cure of the following complaints:
Scrofuln and Scrofulous Affections, such
as Tumors, Ulcers, Bores, Eruptions,
Pimples, Pustules, Blotches, Boils,
Bluins, and all Skin Bisenses.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me,
Having inherited a Scrofulous infection, I have
suffered from it in various ways for years. Sometimes it burst out in Ulcers on in whands and arms;
sometimes it turned inward and distressed me at the
stonach. Two years ago it broke out on my had
and covered my scalp and ears with one sore, which
was paintin and foathsome beyond description. It
will be the search of the search of the content of the

Lencorrhers or Whites, Oynzian Tumor, Uterine Ulceration, Fermale Diseases.
Dr. J. B. S. Channing, of New York City, writes.
Or, J. B. S. Channing, of New York City, writes.
'I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Fennel Diseases of the Scrohlous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the necess. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements.

Edward S. Marrow, of Newbury, Ala., writes:

"A dangerous ovarian tumor on one of the females we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the cut stripation could afford relief, but he advised the cut stripation could afford relief, but he advised the cut stripation could afford relief, but he advised the cut stripation could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could afford relief, but he advised the Cut for the could be could

last resort before cutting, and it proved effectual. After taking your remedy cight weeks no symptom of the disease remains."

Syphilis and **Mercurial **Disease.

**New Onleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla. I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of **Penereal and **Mercurial Disease. One of my patients had Syphillitic ulcers in his throat, which were consuming his palate and the top of his month. Your Sarsaparilla steadily taken cured him in five weeks Another was attacked by secondary symptoms in his nose, and the ulceration had catten away a considerable part of the lateral man had been a consuming his palate and the location had catten away a considerable part of the lateral man had lifting the lateral state of the summary of the lateral state of the summary of the lateral state of the lateral man had been decreased in the lateral state of the summary of the lateral state of the lateral state of the summary of the lateral state of the summary of the lateral state of the summary of the lateral state of the lateral state of the summary of the lateral states of the lateral state of the lateral states of th

think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: '1 have been afflicted for years with an affection of the Liver, which destroyed my health of tried everything, been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough. Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

the Hones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratist to all who call for them.

call for them.

Dyspepsin, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable curse of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond list reach. Such a remedy has long twenty confident that this will do for them all that medicine can do.

of the Disense.

This is a remedy so universally known to surpass any other for the cure of throat and hing complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living rophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreading fatality of these disorders. And dangerous disorders of the threat and lings. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & Co., Lowell, Mass.

THE GRAND PROMO-TERS OF HEALTH. HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of a lits pleasures. The first irregularity of any function should be checked and set right by appropriate diese of these thereughly cleaning the blood. They balance disordered such that the book of the throughly cleaning the blood through the blood that the blood the blood the blood that the blood that the blood the blood that the blood the Derangement of the Bowels, Liver and Stomach

Dorangoment of the Bowers, liver and Souncau
This medicine is so well known in every part of the
world, and the curse effected by its use are so wonderful
as to astonish every one. Its pre-eminence as a remedy
for billious and liver complaints and derangements of
the grounds and bowels, is no longer amatter of dispute
or doubt. In three diseases the ben ficial effects of life
toway's invaluable Fills are considered, the organis of digestion strong threed, and full and easy assimilation precision strong those the second of the consistency of the second of the constant both physical and moral energy are increas-Determination of Blood to the Head

Determination of blood to the fload.

This is generally occasioned by some irregularity o stomach and bowels, which, if not quickly attend of trequently terminates tatally. A few doos of the event mous Pills never fall to give tone to the stomach regular ty to the secretions, and purity to the fulled. Vortige dimness of sight and other indications of approaching applicacy, are en iroly dissipated by a course of this admirable medicine. The Female's Best Friend
For all debilitating disorders peculiar to the ex and in

For all debilitating disorders peculiar to the ox and it yeary contingency perious to the life of women, you the full or aged, married or single, this mild but speed remedy is recommended with friendly oxnestness. It will corrot tall functional derangements to which they Scrofula and all Skin Diseases.

For all skin disease, howeve inveterate, these medi-dines are a sovereign remedy. While the Fills act upon the blood, which they put lfy, the ontiment passe through the proce of the s. m. and cleanese every struc-ture, as water satu ates he soil or as sait penetrate meat. The whole physical machinery is thus rendered healthy, regular and by orous

three as the whole physical meaning. The whole physical man Asthmas.

Coughs, Colds and Asthmas.

No medicine will care colds of long duration or such as are settled upon the chest so quickly as these famous Phils. Even in cases where the first stage of asthmas has repeared these Phils may be relied on as a certain and rever failing remedy, particularly if the Ohitment be simultaneously well rubbed into the chest and throat marning. indigestion-Billious Headache

Indigostion—Billious measures.

These complaints may sometimes be considered trifling but it should be bornein mind that by inattention and neglect, they often end most ser ously. Give early thought to a deranged stomach take flolloway's Pills, rub bit celebrated Ointe ent over the pit of the stomach, and you will shortly perceive a change for the better in your algestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thoroughasting.

Holloway's Pills are the best remedy knowning the world for the following diseases:

disease affixed to each liex. (c8)-W

DYSENTERY, CHOLERA, FEVER, AGUE, &C CHLORODYNE.

DR. J. COLLIS BROWNE'S CHIOBODYNE. Vice Chancelor Sir W. Page Wood stated publicly in court that Dr J. Collis Browne was undoubtedly the inventor of Chioredyne, that the whole story of the defeedant Freeman was deliberately untrue, and he regretted to say it had been worn to. See the Times, July 13th, 1864. Dr J. Collis Browne's Chlorodyne—The Righton Earl Lussell communicated to the College of Physic

Hon Eat Lussell communicated to the College of Physic ans and J F Davenport, that be had received information to the affect that the only remedy of any service for Chol ara was Chlorodyne. See Lancet, Ecc. 31, 1864. Dr J. Collis Browno's Chlorodyno—Extract from ISHCAL TIMES, Jan 12th, 1866—1s prescribed by scores fortholex medical practioners. Of course it would not to thus singularly popular did it not supply a want and it a place.

Dr J. Collis Browne's Chlorodyne is the best and a st certain remedy in Coughs, colds, Asthma, Con

sumption, Neuraigia, Rheumatism, &c.

Dr J. Collis Browne's Chlorodyne is a certai

Dr. J. Collis Browne's Chlorodyne—Extract from the General neard of Health, London, as to its efficacy in Choicea—So strengly are we convinced of the Immense value of this remedy, that we cannot too focibly urgo the necessity of adopting it in aircress. From A. Murgo gonery, 184, late Inspector of Hospitals, Bombay— 'Chlorodyne is a most valuable remedy in Neuralis, Asthma and Dysentery. Toti Unity owe my restoration to health after eighteen months' severe suffering and when all other medicines had failed.'
